### Course Description

This chainsaw workshop will cover advanced topics for the more experienced user. These classes will run rain or shine. Please dress appropriately based on weather conditions and bring all required materials. **Class size is limited to 15 students. Registrations are accepted on a first-come first-served basis.**

### Who Should Attend

Anyone who uses a chainsaw in their daily/occasional work to maintain property, do storm damage cleanup, right-of-way clearing, fire-rescue, etc. can benefit from these workshops.

### Speaker

#### Tim Arid

Tim is president of Forest Applications Training, and is one of the premier chainsaw instructors in the country. Tim has trained over 10,000 individuals in chainsaw safety and other advanced topics and has over 25 years experience in the chainsaw and logging industry.

*These classes fill up quickly. Be sure to register online as soon as possible to get your name on the list. We will accept registrations on a first-come, first-served basis.*

*This Course counts towards  
1 Roads Scholar Credit/0.8 CEUs*

This Baystate Roads Program (LTAP) workshop is a cooperative effort of the Federal Highway Administration, Massachusetts Executive Office of Transportation and the University of Massachusetts Transportation Center.
