will be invoiced.

Description

The OSHA Outreach Ten Hour Construction Training Program provides training on the recognition, avoidance, abatement, and prevention of workplace hazards. Classes also provide overview information regarding OSHA, including workers' rights, employer responsibilities, and how to file a complaint.

All OSHA 10 hour Construction training is intended to cover an overview of the hazards a worker may encounter on a job site. Training emphasizes hazard identification, avoidance, control and prevention, not OSHA standards.

Contact the Baystate Roads Program for additional information at: cindy@baystateroads.org
Maximum class size is 35

Speaker

Patricia "Patty" Stagno

Patricia Stagno, President and owner of Power Skills for Life, LLC of Goffstown, NH, is an accredited Women Business Enterprise (WBE), Veteran (VOB) and Woman Owned Business (WOB). Power Skills for Life provides safety, training and compliance consulting for construction, manufacturing, maritime, building facility maintenance, municipalities and utility industries. Patricia travels throughout the country to design and develop structured hands-on training modules for technical, mechanical and electrical training programs for large and small companies. She is the first woman in the state of New Hampshire to hold all five certificates from the OSHA Training Institute and Keene State College in Emergency Management, Maritime, Construction, Industrial Hygiene and General Industry.
