Course Description

This workshop will walk you through Complete Streets, the Municipal Right of Way (ROW) process, and Title VI of the Civil Rights Act requirements. Areas that will be covered in this workshop include:

- What is a Complete Streets corridor? Focus will be on two types of Cross Sections in both an Urban and Rural setting and how to address right of way impacts.
- Fundamentals of ROW from start to finish
- What is MassDOT's and the Federal Highway Administration's (FHWA's) expectations from the municipalities.
- Applying the Federal Uniform Act to a project.
- Addressing property owners and their needs.
- Areas where ROW and environmental issues overlap.
- Requirements for securing ROW for multi-modal projects.
- Requirements for programming your project on the Transportation Improvement Program (TIP)

This workshop will also provide an orientation to Title VI of the Civil Rights Act of 1964 and related state obligations. It will focus on the laws protecting members of the public and the methodologies used to ensure diverse and compliant public participation in the project development process.

Speakers

Lou Rabito, PE, MassDOT - Complete Street Engineer.

John Lozada, Esq. Manager of Federal Programs, Office of Diversity and Civil Rights, MassDOT.
